

Write a poem on the theme of volcanoes. You might like to write about an eruption, a specific volcano that you have learned about or the damage caused after a volcanic eruption. Try to include expanded noun phrases in your poem. For example, scorching hot, exploding lava or jet-black clouds.

Can you create a counting book for young children in French?

You could use some of the vocabulary you learnt last term (shapes and colours) as well as numbers up to 20.

Remember it is aimed at young children so it will need to be colourful.

Imagine that you have just experienced an earthquake. Write a short story about what happened. Use topic vocabulary to describe the strength of the earthquake, such as tremor, epicentre, magnitude and seismic wave.

Create a model of the layers of the Earth using a range of materials. Label each layer and write a short description about each layer's features.

Year 3-Spring 1
Our topics for this half term include:

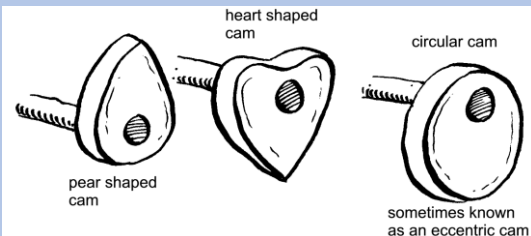

- Rocks, Relics and Rumbles
- What is the Trinity?
- Numbers and Ages (French)

Choose one of these challenges to complete.
Homework to be handed in week beginning Monday 12th February 2024
You are also expected to read daily, use TT Rockstars and Spelling Shed

Find out about famous volcano eruptions. Where and when did they happen? What damage did they cause?

Find out how different shaped cams change how something moves. Maybe you could present your research as a poster, or make a model.

Holy Trinity

Can you create a motif that represents the Trinity? Take photos or find examples of images that show 3?

A triangle is an example of three. It is known for being the strongest shape. Can you find as many triangles as you can? Take photos or find images that show triangles in nature, in the structure or buildings - anywhere! Get searching!
